

Corporate Profile

Renren Inc. operates a social networking service (SNS) and an internet finance business in China. Our SNS enables users to connect and communicate with each other, share photos and access mobile live streaming. Our internet finance business includes primarily auto financing. Renren.com and our renren mobile application had approximately 251 million activated users as of June 30, 2017

Started from university campuses in 2005, we now possess a nation-wide penetration with users across all demographics, particularly college students and young white-collar professionals. Our social networking platform serves as the foundation of our business and we aim to build a mobile-centric eco-system that embodies our user needs. As a leader in mobile social networking, we are dedicated in continuing to transform ourselves into a full-fledged mobile technology Company.

Our vision is to re-define the social networking experience and revolutionize the way people in China connect, communicate, entertain and shop. To achieve this, we are focused on providing a highly engaging and interactive platform through technology that promotes connectivity, communication and sharing. The mobile internet is making the world more connected, and Renren stands at the forefront of this evolution.

Renren is listed on the New York Stock Exchange under the ticker symbol RENN.
