**Renren Announces Disposal of All Assets
in its Renren Social Networking Service Business to Beijing Infinities**

BEIJING, China—November 14, 2018—Renren Inc. (NYSE: RENN) (“Renren”), which operates a social networking service (SNS) business, used car business and SaaS business, today announced that Beijing Qianxiang Wangjing Technology Development Co., Ltd., a China-incorporated subsidiary wholly controlled by Renren, has agreed to sell all tangible and intangible assets in www.renren.com and its related business (“Renren SNS business”) to Beijing Infinities Interactive Media Co., Ltd. (the “Buyer”), for a cash consideration of US\$20 million. Also in consideration and as part of the foregoing asset sale, Infinities Technology (Cayman) Holding Limited (the “Buyer Parent”), a Cayman Islands company set up to become the parent entity of the Buyer, has agreed to issue to Renren shares of the Buyer Parent with a value of US\$40 million based on an agreed-upon estimated valuation of the Buyer Parent at US\$700 million.

A minority shareholder of the Buyer is Oak Pacific Holdings, a company controlled by Mr. Joseph Chen, Renren’s Chairman and Chief Executive Officer, and Mr. James Jian Liu, Renren’s executive director and Chief Operating Officer. This asset sale transaction was discussed and approved by the audit committee of Renren’s board of directors, which considered the background and material terms of this transaction as well as the result of a fairness analysis conducted by Duff & Phelps, LLC, and was submitted to and approved by Renren’s board of directors.

Renren is confident that an asset sale is the most viable path to dispose of its Renren SNS business and to set Renren onto its next phase of growth. With the consummation of this transaction, Renren will focus on its used car business in China, and its businesses outside China, notably the Trucker Path business and the SaaS business in the United States. Renren intends to remain listed on the NYSE.

“I am happy to find a home for renren.com,” said Mr. Joseph Chen, Renren’s Chairman and Chief Executive Officer, “Looking ahead, our company will be serving global, vertical industries with internet and artificial intelligence.”
