"The first quarter results reflected a bottoming-out of our legacy business in online advertising and gaming. With a leaner cost structure and a topline that is expected to improve going forward, we are on the road to recovery from our recent business transition," said Joseph Chen, Chairman and Chief Executive Office. "We are optimistic about the prospect of our internet finance business and plan to diversify into more profitable areas in the future, leveraging our strength with college students and young graduates from our core Renren social network."

First Quarter 2015 Results

Total net revenues for the first quarter of 2015 were US\$13.7 million, representing a 41.1% decrease from the corresponding period in 2014.

Renren net revenues were US\$8.2 million, representing a 22.9% decrease from the corresponding period of 2014. Within Renren net revenues, *online advertising* revenues were US\$2.3 million for the first quarter of 2015, a 62.9% decrease from the corresponding period of 2014. The decrease was due to increasing competition and the continuing migration of our traffic to mobile. *Internet Value-Added Services (IVAS)* revenues were US\$5.9 million, representing a 35.0% increase from the corresponding period in 2014, primarily due to the increase in revenue from the social video platform "Woxiu". Monthly unique log-in users decreased from approximately 51 million in March 2014 to approximately 46 million in March 2015.

Games net revenues were US\$5.5 million for the first quarter of 2015, a 56.5% decrease from the corresponding period of 2014. The decrease was due to the previously launched games having reached their mature stages.

Cost of revenues was US\$10.5 million, an 8.9% decrease from the corresponding period of 2014.

Operating expenses were US\$29.7 million, a 16.6% decrease from the corresponding period of 2014.

Selling and marketing expenses were US\$7.9 million, an 18.8% decrease from the corresponding period of 2014. The decrease was primarily due to the decrease in advertising and promotions for online games and Renren branding campaigns.

Research and development expenses were US\$8.9 million, a 40.6% decrease from the corresponding period in 2014. The decrease was primarily due to headcount reduction and the resulting decrease in personnel related expense.

General and administrative expenses were US\$12.9 million, a 19.3% increase from the corresponding period in 2014. The increase was primarily due to the increase in share-based compensation expenses.

Share-based compensation expenses, all of which were included in operating expenses, were US\$6.2 million, compared to US\$3.4 million in the corresponding period in 2014.

Operating loss was US\$26.5 million, compared to an operating loss of US\$23.9 million in the corresponding period in 2014.

Realized gain on short-term investments was US\$1.1 million, compared to US\$27.1 million in the corresponding period in 2014. The gain in the first quarter of 2015 was primarily derived from the marked-to-market value change of derivative financial instruments.

Net loss attributable to the Company was US\$27.6 million, compared to a net income of US\$32.3 million in the corresponding period in 2014. In the first quarter of 2014 the Company recognized a US\$57.1 million gain from the disposal of equity method investment, which was our remaining equity interest in Nuomi.

Adjusted net loss (non-GAAP) was US\$21.4 million, compared to an adjusted net income of US\$36.1 million in the corresponding period in 2014.

Share Repurchase Program

As of May 12, 2015, Renren has repurchased approximately 15.9 million ADSs under the current repurchase program for an aggregate amount of approximately US\$49.0 million. The current share repurchase program will expire on June 27, 2015.

Business Outlook

The Company expects to generate revenues in an amount ranging from US\$15 million to US\$17 million in the second quarter of 2015, representing 25.8% to 34.5% year-over-year decline. This forecast reflects Renren's current and preliminary view, which is subject to change.

About Non-GAAP Financial Measures
